

Good Supply Cannabis Brand Celebrates Earth Day and Unveils Environmental Impact of “Green You Can Feel Good About” Campaign

April 18, 2024 at 7:00 AM EDT

TORONTO, April 18, 2024 (GLOBE NEWSWIRE) -- Tilray Brands, Inc. ("Tilray") (Nasdaq: TLRY; TSX: TLRY), a leading global cannabis-lifestyle and consumer packaged goods company, today announced a sustainability update on its pioneering sustainable packaging initiative within its popular Canadian cannabis brand, **Good Supply**®. This Earth Day, Good Supply is proud to showcase significant strides in their environmental efforts as they expand the rollout of hemp-based packaging for its pre-rolls, vape products, and whole flower offerings.

With these eco-conscious packaging enhancements, Good Supply not only continues their commitment to reducing single-use plastics, but they also showcase the outstanding and increasing contribution to environmental sustainability. Following the successful introduction of the hemp packaging last summer, which diverted approximately 131,000kg of plastic waste, Good Supply's ongoing efforts have now prevented over 925,000kg of plastic from reaching landfills¹ —that's 7x as much as last year since June 2023.

In partnership with [PrintReleaf](#)™ – the industry leader in automated environmental offsets, Tilray has also **reforested 2500+ trees** (as of this year April 2024 and counting) from label usage, to **offset +215,000lbs from 150,000lbs** worth of paper consumption, showcasing an increase of **43% growth** from the initial hemp launch.

Good Supply is also rolling out additional sustainable hemp packaging for *NEW* pre-rolls and vapes including:

- **The 'Good Supply JUICED™' infused pre-roll collection:**
 - **Cosmic Cherry 0.5g single pre-rolls** feature sweet cherry and tart citrus flavours thanks to its **Inzane in the Membrane** whole flower and **Cherry Loops** vape concentrate infusion.
 - **Watermelon Chew 1g Blunts** featuring nostalgic and refreshing flavours from Good Supply's **Melon Dream** sativa-leaning flower infused with **Frozen Watermelon** vape concentrate.
 - **Cherry on Top 1g Blunts Duo Pack** featuring two flavours including **Cosmic Cherry** and **Golden Drizzle**. Cosmic Cherry Sativa is a very cherry blunt elevated with a delicate lemon citrus sweetness for depth. Golden Drizzle Indica is a combo of sweet and caramelized flavour notes, paired perfectly to hit hard in a smooth-smoking, slow-burning hemp blunt wrap.
 - **The Discovery Pack**, a signature 3-pack of 0.5g pre-rolls that rotates flavours every six months, with this upcoming spring and summer pack featuring **Cosmic Cherry**, **Watermelon Chew** and **Blue Burst** – which is a tasty indica featuring a cross of God Kush whole flower with a blue raspberry infusion.
- **Perk Work Pre-roll Variety Pack, coming soon:**
 - A six-pack of 0.5g potent THC pre-rolls featuring Good Supply's all-star trio of finest sativas including: **Jean Guy's** iconic lemon, new **Inzane in the Membrane's** explosive citrus and new **Melon Dream's** fresh fruity flavour.
- **Twisted AIO (All-in-One) Vape, coming soon:**
 - These ready-to-go vapes feature two bursting flavours that consumers can enjoy on their own or twisted into a third unique flavour with the push of a button. The all-in-one vape features the following options of **Purple Monkey & Frozen Watermelon** and **Orange Swirl & Strawberry Freeze** in a category-five flavour storm. Good Supply's Twisted vapes are ready to enjoy, rechargeable and contain 1.2mg of flavoured distillate with 1,000mg of THC.

Good Supply hemp tubes and vape mouthpieces are green in more ways than one – they're biodegradable, so at the end of their lifecycle, they can be mindfully composted in organic processing or landfill facilities. Along with the hemp tubes for pre-rolls, vapes, and vape mouthpieces, Good Supply uses 45% post-consumer recyclable content for their whole flower bags.

Embracing the mindset of '**Green You Can Feel Good About**', and as part of their larger "Feel Good Highs" strategy, Good Supply consistently re-enforces the notion that consumers can feel good about every aspect of their cannabis purchase, from the product to the packaging that comes with it.

Keep up with Good Supply's sustainability journey as they continue to produce **quality cannabis products made with environmentally conscious materials** that consumers and the planet deserve.
